## HARD KNOT FOR JUDGE TO UNTIE

Alleged Common-Law Wife Seeks Divorce and Division of Property.

TWIN FALLS, Ida., June 1.—A judicial problem having unusual features is now seeking solution by Judge W. A. Babcock of the district court. It pertains to an application for divorce under a common law marriage. The court has had the case under advisement for a week or more, but admits that there are puzzling angles which cannot be solved by cursory consideration.

Jennie Larsen is the applicant and Paul Larsen is the defendant. The latter is a North Twin Falls district farmer who, in resisting the application of his alleged wife, declared he is being fleeced and that no marriage contract or ceremony has ever been entered into between him and the woman calling herself his wife.

The plaintiff does not allege that any ceremony was ever performed, basing her case upon a presumption that to live with a man two years makes a woman a common-law wife.

On Larsen's place is a house which he rents. Back of this residence is a shack which he occupied while the house was tenanted. Two years ago the plaintiff in this case, with a grown daughter, occupied the residence. Larsen had the shack. Winter came on, and while Larsen one cold day was in Jerome, the woman, according to testimony, moved his bed and belongings into the residence. Excusing this act, Larsen told the court, the woman said she could not rest comfortably and have a man occupying an uncomfortable shack in cold weather. Larsen said he offered no objection and there, after lived in the house with the woman. Testimony was introduced to show that the woman had contracted debts in various places in the name of Mrs. Paul Larsen, the same being paid by Larsen by check.

The last debt of this nature was contracted with Dr. R. A. Parrott, an optician of Twin Falls. Larsen paid the bill when presented. All these acts, counsel for the plaintiff claims, constitute acceptance of marriage by common law. Larsen is a cripple, having one leg off just above the ankle. He is about 52 years of age and the woman 51. Larsen is reputed to be wealthy. The woman's application includes division of property.

**HAIR GROWN ON MR. BRITAIN'S BALD HEAD BY INDIANS' MYSTERIOUS HAIR GROWER**  
My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair. No trace of baldness. The pictures show here are from my photographs.

**Indians' Secret of Hair Growth**  
At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian "medicine man" who had an elixir that he offered would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into healthy growth, and ere long my hair was as prolific as in my youthful days.

That I was astonished and happy is expressing my state of mind fully. Previously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious poultice. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved. Many men and women, also children, have reported satisfactory results from Kotalko.

**How YOU May Grow YOUR Hair**  
My honest belief is that hair roots rarely die even when the hair falls out through dandruff, fever, excessive dryness or other disorders. I have been told by experts that often when hair falls out the roots become imbedded within the scalp, covered by hard skin, so that they remain for a time like bulbs or seeds in a bottle which will grow when fertilized. Shampoos (which contain alkalis) and hair lotions which contain alcohol are enemies to the hair, as they dry it, making it brittle. Kotalko contains those elements of nature which give new vitality to the scalp and hair.

**PROVE FOR YOURSELF**  
Get a box of the genuine Kotalko at a reliable druggist's \$3.00.00 GUARANTEE with each box. A small testing box of Kotalko (with testimonials, etc.) may be obtained by sending in 2 cents, silver or stamps, to my address below.
